# LIVING A **CREATIVE** LIFE

AN ARTS DEVELOPMENT  
STRATEGY FOR CALGARY

## Success Indicator Baseline Report

NOVEMBER 2014

# Success Indicator Baseline Report Overview: November 2014

Published in March 2014, **LIVING A CREATIVE LIFE** is an arts development strategy for Calgary, by Calgarians. As of November 2014, it has attracted over 100 signatories who are contributing to one or more of the strategy's five major focus areas: Creative Communities, Centre City Arts District, Arts Incubation, Artistic Exchange, and Youth & Education.

**LIVING A CREATIVE LIFE** includes success indicators for each focus area so that progress towards the strategy's outcomes can be tracked. These success indicators are systems-level measurements that will be evaluated annually, and this report provides baseline data for each indicator, using the most complete information available at the time. Future success indicator reports will compare their measurements against these baselines. Some baseline information has been omitted because of a lack of data sources; Calgary Arts Development continues to seek and draw from data sources for all indicators.

As success indicator measurement progresses, growth in any given indicator may be due to new sources of data or new signatories who contribute further information. All future success indicator reports will note when new baseline data is included and when new sources of data are contributing to the growth measured for any specific indicator.

The overall strategy is built around the framework below. Although drivers and tactics contribute to the achievement of each outcome, this report refers only to success indicators and outcomes. The complete strategy is available at [LIVINGCREATIVE.CA](http://LIVINGCREATIVE.CA).

**Overarching Vision:** Calgary is a place that empowers every resident to live a creative life, fuelling a vital, prosperous and connected city.

**Mission:** To align and activate Calgarians in creating a vital, prosperous and connected city through the arts.

The strategy is organized by five major focus areas that include the following elements:

**Focus area:** Each of five major goals that will contribute to **LIVING A CREATIVE LIFE**'s overarching vision. Each focus area is broken down into a vision, outcomes, drivers and tactics.

**Vision:** The aspirational description of what Calgarians would like their city to look like, as it pertains to the focus area.

**Outcome:** The state or condition that does not currently exist but must exist in order to achieve the vision.

**Driver:** A movement coordinated by various stakeholders to help achieve the outcome.

**Tactic:** A single program, task or initiative that contributes to the driver.
