BLISSFUL DANCE CLASS

2020 CASE-STUDY

WHO?

Kyra Newton is a freelance dance choreographer, performer, and teacher in Calgary, Alberta. She is pursuing Blissful Dance Classes, an independent project to create accessible digital dance classes which will be available for free on Youtube in 2021.

WHAT?

Kyra needs up to 5 volunteers with or without dance experience, people who are Deaf or hard of hearing, with or without physical disabilities and over the age of 55 to participate in four 45-minute dance classes live-streamed on Zoom. Following each session, she requests you provide critical feedback about the accessibility of the class and the facilitation.

WHY?

It is Kyra's goal to create pre-recorded accessible digital dance classes for people with different access needs. The first step to accomplishing this goal is research and she needs you to be a part of this process!
