

## Operating Grant Program Fair Notice Policy

**This policy has been updated as of January 1, 2021**

Calgary Arts Development stewards public dollars for the public good on behalf of the citizens of Calgary (known as Moh'kinsstis in Blackfoot). We have a responsibility to ensure the security and value of the investments we make on their behalf.

This policy ensures that organizations that receive annual operational funding from Calgary Arts Development have the opportunity to address risks related to the investment they receive. These processes are intended to encourage those organizations to be transparent and work with Calgary Arts Development to create strategies and remedy high-risk conditions without being subject to major fluctuations in their grants in a single year.

In 2021 and 2022, risk assessment will be completed by Calgary Arts Development staff through the [interim report process](#).

In addition to this process, Calgary Arts Development reserves the right to flag, reduce, delay, suspend or withdraw an organization's grant based on critical or high-risk concerns at any time.

- Calgary Arts Development may raise a flag based on any of the conditions outlined throughout this policy.
- Flags which result in a reduction, suspension, or withdrawal of a grant must be recommended by a peer committee. In non-assessment years (2021 and 2022), a special resiliency committee will be convened to make recommendations.
- Calgary Arts Development's suspension or withdrawal of an organization's grant requires majority approval by Calgary Arts Development's board of directors.
- Organizations that are removed or choose not to re-apply or submit their reporting in any grant year will be considered a new applicant in subsequent years. They will only be eligible to receive operational funding if the program is open to new applicants.
- Should Calgary Arts Development's funding from The City of Calgary be reduced, grant reductions may occur outside of this policy.

### Operating Grant Flagging Process

Organizations who received a Fair Notice policy flag in 2020 must provide an update on this flag as part of the interim report process. They will be contacted by Calgary Arts Development staff directly to determine whether a meeting or written update is most valuable.

Calgary Arts Development staff review organizations' interim reports, and may apply a financial flag for any of the below.

- Deficits over 10% for the last two consecutive fiscal years.
- More liabilities than assets on the balance sheet for the last completed fiscal year.
- There is reliable evidence obtained by Calgary Arts Development staff that indicates an organization presents a risk to default on the obligations stated in its Investment Agreement. In Calgary Arts Development's sole discretion, a third-party audit of the organization may be required to determine if the organization is an acceptable investment risk. The cost of the audit will be deducted from that organization's subsequent grant (if any).

Calgary Arts Development reserves the right to apply any of the below flags for critical, high-risk concerns based on the information provided in the report, or as we become aware of organizational circumstances or events that may constitute a risk.

- A significant and unexplained reduction to artistic or community impact compared to previous years, including serious issues that may arise related to equity, diversity and inclusion.
- A demonstrated lack of capacity to complete core programming, or achieve key organizational goals.
- A demonstrated lack of capacity in resource management or organizational governance.
- The need for future planning to address the current level of risk or to mitigate previous resiliency flags.
- A significant lack of transparency and information in the application such that the assessors are unable to determine whether the organization merits their investment.

Organizations who receive a flag will be asked to meet with Calgary Arts Development or submit a written update outlining a plan to address their flag conditions before their funding is released. If the flag conditions indicate that the organization presents a risk to default on the obligations stated in its investment agreement, a special assessment committee may be convened to make recommendations as outlined below.

- **First Year of Flagging:**
  - Reduction of grant up to 10%
- **Second Year of Consecutive Flagging:**
  - Reduction of grant up to 25%
- **Three or More Years of Consecutive Flagging:**
  - Reduction of grant up to 50%
  - Removal of organization from Operating Grant Program.

If the special assessment committee recommends a reduction to an organization's grant over 25%, organizations may submit an appeal according to the [Appeals Policy](#). If the special assessment committee recommends the removal of an organization from the Operating Grant Program, this will launch a secondary peer assessment process governed by the Appeals Policy and requires majority approval by Calgary Arts Development's board of directors.
