

WEBSITE DESIGNER

ACTA Press, a Canadian scientific and technical publishing company, is looking to hire an individual **contractually part-time/full-time** to work on our website redesign. The individual will be responsible for the front-end development of our website and will be a part of our team until the end of this project.

Key Responsibilities:

- Working with a back-end website developer
- Research website designs of other publishing companies
- Compiling current trends in website designs
- Designing graphics and art for our website
- Determining best set-up for new design of website

What you bring:

- Thorough understanding of current trends in website graphics and design
- Previous experience in graphics, web design, and art
- Good interpersonal and communication skills
- Ability to complete work by set deadlines

Our company offers flexible hours and competitive wages.

To apply for this position, please send a resume and a portfolio containing at least 3 samples of your work to Mahnoor@actapress.com.

*ACTA Press is an **equal opportunities employer** and welcomes applications from all qualified persons regardless of their race, sex, disability, religion/belief, sexual orientation or age.*
