Rocio Graham

"Book IV" from series Illumination and Engulfment, 2021

For this exhibition the presenting artists were asked to share, and give voice to, what nurtures, inspires, and informs their creative process, through their work and their artist statement. Several of the artists will undertake an artist residency within the exhibition space. The schedule for these residencies will be posted with the exhibition.

For more information, please contact Miriam Fabijan at miriamfabijan@gmail.com
